

Thank you note from member of Class of 2010

Hello!

Thank you so much for the elfing bag! I was up really late that night studying for an exam and finishing a paper. I was so tired and just about to fall apart, when I saw the bag. Knowing that the class of '60 was thinking of us, and that you guys had made it through MHC successfully, really put things in perspective and made me feel reassured and cared about. Thank you so much for the bag... it really meant a lot to me.
